## President's Message

By: Ann Skaro

What a great experience to serve as your President! It really is *all about* the members. Just in the first month, you have shared with me your life experiences, trials and tribulations. Gee, am I thrilled I have not experienced, your trials and tribulations.

With your permission I have taken a bye during the month of January as to the monthly newsletter, setting in on the current duties. CCEA has out lasted all other business referral organizations through thick and thin. In the upcoming months, we should enjoy one another for all that we are and even what we are not.

**FUN---FELLOWSHIP---**  
**RESPONSIBLE BUSINESS---**  
**CHERISH OUR TIME TOGETHER.**

Thank you for allowing me the opportunity to serve you.

Ann

## KISS

Do you ever find your "feel good" time overshadowed by always thinking about work? Keep it Simple! 1. Strategize a business plan for success. 2. Ensure you're on the right track! That's it, KISS!

Sounds simple, but it's not, it's hard as heck to do.

So, how do keep it simple? Work on your business plan and finances, and outsource everything else that's not producing revenue. Hire the best outsourcing vendors and let it go. It's a new year and it's time for you to get with it. One of the fastest growing trends in the ways companies are operating today is outsourcing their human resources (all the employee stuff). The vendors that handle this are called Professional Employer Organizations.

You need to be focused on growth and not the same old worries of the rising costs of everything.

Let Unique HR, a Professional Employer Organization provide you a predictable cost for your employees. When you outsource your human resources you're provided a risk management program (your safety net), workers' compensation insurance, payroll administration, a professional in human resources, safety program, and employee benefits. Keep rising costs at bay, do your homework, and get on with business.
